- #9 Fast track paint booth air make-up unit – The unit has a heat input capacity of 9.72 million Btus per hour and operates on natural gas.

The permit is being modified to include the following processes and units:

- 10. ALLTRA Hi-Definition Burn Table HPR 260. Emissions are controlled by a 2004 Donaldson-Torit 24-bag baghouse
- 11. ALLTRA Burn Table HPR 260. Emissions are controlled by a 2007 Farr GS-16 16-bag baghouse
- 17. Whitney 661-84 Plasma Punch. Emissions are controlled by a 1993 Donaldson-Torit TD-3-99 3-bag baghouse

A review of this facility indicates it can operate in compliance with South Dakota's Air Pollution Control rules and the federal Clean Air Act. DENR, therefore, recommends that the Board of Minerals and Environment issue this operating permit with conditions to ensure compliance with SDCL 34A-1 and the federal Clean Air Act.

In accordance with the Administrative Rules of South Dakota (ARSD) 74:36:05:17, any person desiring to comment on DENR's draft permit must submit written comments to the address below within thirty days of this public notice. Comments may be directed to the following mailing address: Lita Magedanz; PMB 2020; Department of Environment and Natural Resources; 523 East Capitol; Pierre, South Dakota 57501. DENR will consider and address all comments submitted, and issue a final permit decision pursuant to ARSD 74:36:05:18. DENR

will notify the applicant and each person that submitted written comments or requested notice of DENR's final permit decision, including notification of any changes to the permit based on the comments.

Any person desiring to contest the issuance of this permit and have a contested case hearing must file a petition, which complies with ARSD 74:09:01:01. This petition must be filed either within thirty days of this public notice or, if that person submits comments on DENR's draft permit pursuant to the paragraph above, within thirty days of receiving notice of DENR's final permit decision. Upon receipt of a petition, DENR will schedule this matter for a contested case hearing before the Board of Minerals and Environment.

If no comments or objections are received within thirty days of this public notice, the draft permit becomes the final permit decision and the proposed permit will be submitted to EPA for review.

Copies of DENR's draft permit and other information may be obtained from Keith Gestring, Natural Resources Engineer, at the above address or telephone (605) 677-6165.
